

X TONDEBAANDS KJOLEN

Die neuen Frauenmoden.

Königin Mode ist eine unbeschränkte Herrscherin der Welt. Ihren Launen beugen sich reich und arm. So weit die Civilisation reicht schwingt sie ihr Scepter. In unseren Bilde haben wir versucht, durch einige Erlebnisse zu zeigen, welche Unannehmlichkeiten die grossen Hüte und die engen Röcke mit sich bringen können.

A TRAITOR TO HIS COUNTRY.

A fine military drama. An officer, who has been rejected by his chief's daughter, is in league with the enemies of his country to sell them certain important plans. To revenge the affront on his dignity, he takes an opportunity of causing the suspicion for the crime to fall on his successful rival. The General in due course finds that the plans have been stolen, and, as arranged by the criminal, suspicion falls on the innocent man, who is courtmartialled and sentenced to death. Meanwhile, the movements of the real offender give rise to suspicion. He is followed and arrested in secret conclave with the representatives of the enemy. The mistake is soon clear, and a messenger is sent post haste to stop the execution. He arrives in the nick of time, and the innocent officer soon has his sweetheart in his arms.

THE HOBBLE SKIRT.

Matinee hats and hobble skirts are the subject of the humour in this film. The hat is a source of much annoyance to everyone and in the end causes a duel, after which it is used as a stretcher to carry home the combatant who gets the worst of the encounter.

HOTEL THIEVES.

Another good detective story, in which exciting incidents follow one another in quick succession. We see the hotel thieves at work, and a man who is their victim engages Sherlock Holmes. He takes rooms at the hotel, and the thieves, recognising him, closed up the chimney of the room. Holmes would have been suffocated but for the chance visit of some burglars, who break through the window at the critical moment. He follows the thieves—a man and a woman—and in a train, during the absence of the woman, holds up the man. The accomplice, however, comes behind and tips up the detective, who is thrown out on to the line. In a house to which Holmes is taken to recover, he has to escape to the roof, and an exciting pistol duel takes place there. He traces the thieves to Switzerland, and engages in a struggle with the arch-criminal, in which the latter falls over a precipice.
