Modsatte sider: Buster Keatons deltagelse i Venedig-festivalen har givet stof til sammenligninger mellem gammelt og nyt, mellem to vidt forskellige udgangspunkter for det at lave film. Øverst Josephine Stevens, Fatty Arbuckle og Buster Keaton i „Fatty on Coney Island“ fra 1917, og nederst Samuel Beckett og Alan Schneider (intellektualismen) og Buster Keaton (intuitionen) ved optagelsen af „Film“ (se festivalrapporten side 19).
